

The 14th Annual DOWRA Conference and Exhibition **"Good Wastewater is Maintained Wastewater"** is quickly approaching and we are soliciting your knowledge and expertise to help make this event the most educational forum for the wastewater industry. The conference will be held on **Tuesday, October 19th and Wednesday, October 20th, 2010** at the Dover Downs Hotel and Conference Center, Dover, Delaware.

This annual conference is the premier event in which over 300 local, regional, and national wastewater professionals attend to gain the latest knowledge, education, networking, technology and solutions in the on-site wastewater industry. The conference typically hosts 40+ exhibitors and offers a two-tract presentation schedule that can accommodate up to 20 presenters.

We need you and your input, as leaders in the industry, to participate in making this year's Conference and Exhibition even bigger and better than last years.

See you in October!
